

PRODUCT INFORMATION JAMES LAMINATE CLEANER PROTECT & RESTORE

STEP B - CLEANING

Purpose

- Daily cleaning and maintenance of laminate floors
- Easy removal of soil

Features

- This product leaves a thin protective layer on your floor and thereby prolongs the lifespan of your floor
- Superficial scratches and stripes are restored
- Effortlessly removes dirt whilst mopping the floor
- Soil repellent and non-slip
- Gives your floor a matt appearance
- pH value 8,4

Instructions for use

- Dilute James Laminate Cleaner Protect & Restore with water in the correct dosage
- Damp mop the floor using this solution
- Use a second bucket filled with fresh water to rinse your mop regularly, to keep the solution in the other bucket clean
- Leave the floor to dry completely

Notes

- Always only damp mop moisture sensitive floors
- A room temperature of 20-22°C and a relative humidity of 55-60% will prolong the lifespan of laminate floors
- Due to the very limited build-up of layers, it is only necessary to treat the floor once every 3 years (based on cleaning 1x per week using James Laminate Cleaner Protect & Restore) with James Basic Cleaner (Step 1) to remove these layers and keep the floor in perfect condition. Upon desire, James Basic Cleaner may be used more often

Dosage

- Diluted, 3 caps (about 90 ml) in 1 bucket of water (8-10 l)

Detergent Regulation

Non-ionic surfactants, phosphates < 5%, BENZISOTHIAZOLINONE, METHYLISOTHIAZOLINONE, perfumes
