

## PRODUCT INFORMATION JAMES FLOOR CLEANER PROTECT & RESTORE

### FLASK B - RESTORE CLEANING

#### Purpose

- Restore cleaning and maintenance of laminate, vinyl, PVC, LVT and all other water resistant hard floors like linoleum, marmoleum, ceramic tiles, rubber, cork, epoxy floors, natural stone and artificial stone floors
- Restores superficial scratches and streaks

#### Features

- Superficial scratches and stripes are restored, effortlessly removes dirt whilst mopping the floor
- Ideal product for when a polish such as James Extra Matt or Semi Gloss is not desired or possible
- Soil repellent and non-slip
- Gives your floor a matt appearance
- pH value 8,4
- Biodegradable and proudly A.I.S.E. certified

#### Instructions for use

- Dilute James Floor Cleaner Protect & Restore with water in the correct dosage
- Damp mop the floor using this solution
- Use a second bucket filled with fresh water to rinse your mop regularly, to keep the solution in the other bucket clean
- Leave the floor to dry completely

#### Notes

- Your water resistant hard floor can be protected using James Semi Gloss or James Extra Matt
- Always only damp mop moisture sensitive floors
- Pay attention to the drying time: this is an average of 45 minutes and the floor may NOT be walked on!
- Tip: finish one bottle of Protect & Restore completely and then switch to Clean & Quick Dry (flask A)
- Due to the very limited build-up of layers, it is only necessary to treat the floor once every 3 years (based on cleaning 1x per week using James Floor Cleaner Protect & Restore) with James Basic Cleaner to remove these layers and keep the floor in perfect condition. Upon desire, James Basic Cleaner may be used more often

#### Dosage

- Diluted, 100 ml in 1 bucket of water (8-10 ltr)

#### Detergent Regulation

non-ionic surfactants, phosphates: < 5%, BENZISOTHIAZOLINONE, perfumes, SODIUM PYRITHIONE
