

PRODUCT INFORMATION JAMES MICROFIBRE HANDPAD

CLEANING

Purpose

- Perfect for massaging James Cleanmaster into upholstery fabrics
- Dissolves dirt and stains

Features

- The pad is made from 100% microfiber
- To be used on one side only
- To be used in combination with spray extraction machine only

Instructions for use

- Vacuum clean the upholstery fabric thoroughly
- Spray diluted James Cleanmaster (1:1 with water) on a James Microfibre Handpad
- Massage James Cleanmaster into the upholstery fabric using a James Microfibre Handpad
- Leave it to soak for about 10 to 15 minutes
- Rinse the upholstery fabric by means of clean water in a spray extraction machine and leave it to dry
- Cover the treated surface with a cotton cloth to prevent the creation of water circles whilst drying

Notes

- The pad can be washed at up to 60°C in a washing machine; do not use fabric softener
- Treat persistent stains with James Stainspray or James Stainwonder
